## Good Prospects for Railway Con- struction on this Line this Summer

That the subject of constructing the missing link between Lomond and Blackie on the Aldersyde branch of the C.P.R. to open the Blackfoot Indian Reserve has already been taken up with the Dominion cabinet committee on reconstruction was the statement made Friday by George Hoadley, M.L.A., of Okotoks, leader of the provincial opposition; Fred Davis, M.L.A., Gleichen, together with Mr. Hoadley and H. M. Shaw, M.P., from Macleod, and H. H. Halladay, M.P., from Bow River, held a conference some time ago on the subject and took it up with the federal cabinet urging the earliest possible construction of this line. They have been pushing the matter ever since and the proposal has been endorsed by Major Lee Redman and T. M. Tweedie, the Dominion parliament members from Calgary. Some action is expected soon in the matter.—Calgary Herald.

J. C. Jensen, J. H. Williamson, Vern Davies, R. N. Moir and Mac Armstrong attended the public sale at Travers yesterday afternoon. J. C. bought a cow, Vern took a flyer in the remnants of a Rumely tractor, while Bobbie invested in the principal parts of a little ~~old~~ bird. Mac confined his attention to H. C. and even Jack vouches that it was real goods.

## Retlaw-Lomond Utilities Board Meets at Travers, Feb. 7

Though no word has yet been received from the Railway Commission as to the result of their investigations on the railway service, a meeting of the Retlaw-Lomond Utilities Board has been called to take place on Feb. 7th. in the U.F.A. Hall at Travers. It is expected that an unusually large delegation will be present.

## Lomond U.F.A. After Seed Oats

The meeting of the U. F. A. held in the hall last Friday was attended by upwards of thirty interested farmers. After the selection of H. E. Elves as secretary-treasurer, a considerable general discussion was indulged in. The union is undertaking to purchase seed oats in carload lots. All farmers interested should make it a point to attend the next general meeting to be held on Friday next, February 7th.

Owing to the fact that there are \$1500 taxes in arrears the village council finds it necessary to take formal and forceful methods to get in the money.

## .. LOCALETS ..

The newly organized choir will endeavor to stimulate public interest in their efforts by staging a local talent concert and play on or about February 24th.

o o o

A number from Lomond attended the Cobb lecture in Vulcan last Friday and maintain the results well repaid the efforts, to say nothing of the pleasant drive.

o o o

We are still selling Bull-dog Blue Stripe Overalls at \$2.50.—Frank Brown Co., Limited.

o o o

Bolshevistic artisans are spreading forth a misconception on the Village Council's protection against transient traders, setting forth that it is also a re-actionary movement against the farmers' privilege of marketing his own products. This is distinctly erroneous. This tax is but a protection to the village taxpayers on the grounds that a trader who shares our mutual profits without making any permanent investment in the town should be made to pay extra for the privilege.

Carl Kingsbury returned home from the coast and lumber centers on Wednesday, and says B.C. has nothing on Alberta winter this year.

The Board of Trade executive held a special meeting on Tuesday evening in the Lomond Realty Company office. One particular item of business was the authorization of a delegation to Taber to confer with the Taber hospital board to take up the disposal of townships. As these are tributary to Taber as a natural sequence Lomond desires that they should be withdrawn from this proposed district, so as to provide a medium of balance when the vote is taken. As it now stands there are three factions fighting for the location, and it looks as if the real issue of hospital accommodation is developing into an "ulterior motive." H. E. Elves, W. A. Teskey, L. H. Phillips and W. H. Smith were elected as the delegation. Some sort of organized fire protection was discussed at length, and the outcome was the calling of a general public Board of Trade meeting in the hall on Monday evening, Feb. 3rd. The town council has given the assurance of pro-

viding the equipment and a place to put it and keep it if the people themselves provide an organized fighting unit. A move was again started to petition the provincial government to proceed with the construction of both local and rural phone lines.

The Lomond merchants have decided to consolidate on the 1920 calendar distribution and issue but one good calendar that will be representative of the town as a whole. A committee has been appointed to select the design and make the purchase.

The new village council is repeating the annual endeavors to secure a nuisance grounds. As no land is voluntarily available the department of municipal affairs has been asked to intervene and autocratically take possession of some suitable convenient tract. The council has made an appointment of pound-keeper and village constable in the imposing personage of Jim Mapson. Even Bobby Harper and Duke Armstrong insist upon going home early every night.

Dad Cox has innovated a light lunch and soup service, which is quite in favor right now. Dad went to Calgary on Tuesday to get his stage line licenses fixed up and is again running the Vulcan route daily.

"The Peace Club", the newly organized women's aid society in connection with the Lomond Church, was heralded by a largely attended meeting in the church Thursday afternoon. The officers are: President, Mrs. Brown, vice president, Mrs. Salter, secretary, Mrs. King, treasurer, Mrs. Willard, committee of management, Mrs. Clements, Mrs. Adams and Mrs. Baker.

A good part for the spring work season would be a pair of our Corduroy or Moleskin—best filters, strongest made.—Frank Brown Co.

At the home of her parents, Mr. and Mrs. A. C. Little, at Midway, Miss Dewilla Little was honored by a number of her friends on Wednesday afternoon by a surprise pre-nuptial miscellaneous shower. A goodly array of both useful and dainty articles were in the presentation. The afternoon was spent in a pleasant social manner, being abetted by the serving of refreshments. Those present were: Mrs. Ryall, Mrs. McFall, Mrs. Andrews, Mrs. Anderburg, Mrs. Sivertson, Mrs. Armstrong, Mrs. Ficht and Mrs. McArthur, Miss Gertrude and Olive Ryall and Miss Josie Armstrong.

Dr. Adam Shortt writing on "Financing After-the-War Industry" in the Monetary Times says: "One of the most vital questions facing us at the close of the war and the beginning of reconstruction is the future supply of capital at once to enable the country to resume the functions of normal production and to take up the line of progressive development for which a country in the position of Canada must be prepared."

Again he says: "It is, in fact, highly necessary at this stage of our own and world conditions to impress upon our citizens that instead of the necessity for special saving for national requirements ceasing with the war, it is urgently necessary that this policy should continue for a very considerable period after the war, and after the cessation of government borrowings on war account."

The War Savings Plan with its War Saving and Thrift Stamps makes this easy. It provides a systematic and profitable method of continuing the practice of saving which, fortunately, many Canadians began during the war period.

## The Cost of Municipal Hail Insurance is so Low that no Farmer can afford to be without it--

Consider this. Over a period of five years (1914-18) The Alberta Municipal Hail Insurance District has carried a total of \$33,000,000.00 of insurance at an average premium of less than 5% per cent. During that time the average cost of operating expenses was only a trifle over five cents on the dollar. The new plan promises even better results.

As there are no profits to be made or dividends to be paid, it provides the opportunity for fair adjustment of all claims on the basis of actual damage done.

You will save money by voting for Municipal Hail Insurance at the forthcoming election, February 27th.

The Armada Red Cross received an acknowledgment from Lieut. E. N. Reis of the R.A.F., formerly of this district. The letter was received by Stuart Galbraith and is published below.

Dec. 12th., 1918.

Dear Stuart,—

The Armada Red Cross parcel reached me in hospital today and I was very glad that my friends in Alberta have not forgotten me. I certainly haven't forgotten them.

I have had a rather rough time of it and didn't have a chance to do much before I was wounded. I was shot down in a Sopwith Camel from about 10,000 feet and was rather badly smashed in the resulting crash. But, as you know, the good die young, and so I am quite safe unless I change.

I like England very much and have seen most of it from the air and on the ground. I was in the 4th. Northern General Military Hospital, Lincoln Lines, for a while and was transferred to Greystone King's Lancashire Military Convalescent Hospital (V.A.D. Red Cross) at Blackpool. I still have to submit to several more operations as I received severe internal injuries. I will probably be sent to Netley Street

IN THE MATTER OF THE ESTATE OF JOHN KOCH, LATE OF KINNONDAL, ALBERTA, FARMER, DECEASED.

NOTICE IS HEREBY GIVEN that all persons having claims on the estate of the said late John Koch, who died 17th, July 1918, at Kinnondale, Alberta, are required to file with the undersigned executor by the 28th. February, 1919, a full statement duly verified of their claims and of any securities held by them and that after that date the executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or brought to his knowledge.

Dated this 10th. January, 1919.

ERNE HENRY MYERS,  
Kinnondale, Alberta. Executor.

### BAILIFF'S SALE

UNDER and by virtue of a Lein Note given by W. Gallagher to the Cockshutt Plow Co. and to me directed against the goods and chattels of W. Gallagher named in the said Lein Note, I have seized the following good, namely: One 18-double-dia drill, which I shall expose for sale on Saturday, the 1st. day of February, at Lomond, Alta., at the hour of 2 p.m.

Dated Jan. 25, 1919.

W. C. LANE, Bailiff.

Hospital (the second northern general) in Manchester. I am arranging it so that I can stay here for Christmas. They are very kind to me here and I feel more at home here than I have felt since I left Canada.

I suppose that everyone is rejoicing over the armistice being signed. It is a big thing for us.

I am writing this to you and you can pass it on to the Armada Red Cross. I hope that you and your sister are well. I found the French girls very charming as you assured me that I would. Paris is a charming place and under war conditions it is quite indescribable.

Real Canadian cigarettes were grand and I recognized the 'Beauparc' label on the cake.

Yours sincerely,

### NOTES

Lomond is noticeably dry just now. Those "joy-oil" gushers must have gotten a tip to haul down their derrick.

You can't attribute any blue funk to Lomond's implement dealers. They show the proper get-ahead spirit and a good deal of confidence in this district as a medium of production.

It only required a little "gits" (a-hem) and the moral backing of the citizens to lock up the "joint". Surprisingly simple and easy, wasn't it? All power to Jim!

We haven't seen anything of that daily-mail service yet.

Looks very much like getting the railway extension on this line this summer.

Wouldn't it be a better policy to finance railway, telephone and public works construction right away quick, than to demobilize 40,000 soldiers a month into no prospects of employment and perhaps run into a riotous rebellion?

The returned veterans are going to handle the alien problem id their own way, and it isn't Union Government methods either. They don't appoint a commission to investigate while the general public forgets about the issue.

Numerous complaints have recently been left at this office

over the conditions at the cemetery. It appears that the three rods of wire are still lacking and that the tombstones are being converted into itching posts to say nothing of the desecration of the sacred memory of the dead. This is a municipal council affair and we sincerely hope the fence will be completed immediately and no room left for further comment.

Passengers coming up on the Lomond train Jan. 22nd, complain that there were no accommodation for ladies' toilet in passenger coach. We presume the War Board ordered that the plumbing be removed. It was not long ago when a complaint came to hand about refrigeration of the passengers, but the fuel situation has improved since then.

The returned soldiers have put a quietus on these pro-enemy Bolshevik organizations. These free speech "martyrs" that are howling so loudly over abused privileges require more than sympathy for Russian and German "proletariat" to gain a hearing from the returned veteran class. What Canada now needs is a constructive general policy that will curb the prostitution of "privilege," transfer the premium from money to brains, and collect the general revenue on an income tax basis.

Too bad about those Canadian milling interests that undertook to bluff the government into concessions on the prices of bran and shorts. The farmers can at least take a good lesson from the action of the millers. They rushed to Ottawa as soon as they felt grieved, and were organized to do so on a moment's notice. The farmer has but merely started to organize, and there are lots of them yet that scoff at the idea.

## Alberta Farmers Important Notice!

Five good reasons why you should vote for Municipal Hail Insurance, at the Municipal Election to be held on the 27th. February, 1919.

THE MANAGEMENT will be entirely in your hands.

THE PLAN is automatic but not compulsory. All crops of grain not withdrawn are automatically insured. Any farmer may withdraw part or all of his crop from the operation of the Act by notifying his Secretary-Treasurer.

Premiums levied on crop area only so that every farmer gets his insurance at the same price per acre. Premiums high enough to pay all losses in full and payable on or before December 15th. without interest.

This committee met other representatives at Calgary recently and appointed three men, one of whom is the Premier, to arrange for the provincial conference. The other members of the last named committee are Mayor M. A. Brown of Medicine Hat, and Mayor Chrystals of Cerstair. The proposed conference is meeting with the entire approval of all and representatives from towns, villages and cities, from boards of trade, industrial concerns, from labor bodies and from the list of legislative members as well as any others interested in industrial development, are asked to attend upon press notices without further invitation. The conference will no doubt result in a delegation going before the legislature and asking for such a permanent bureau and such legislation as will help in every way possible to bring about industrial development in the province. The premier, the leader of the opposition and in fact all public men interviewed on the subject are endorsing it whole-heartedly.
